## ABOUT THREE HUNDRED ATTEND TACKY PARTY AT YACHT CLUB

BWYC to Sponsor Surprise Dinner August 4

Attracting a large contingent of both local people and visitors was the regular Saturday night dinner at the Yacht Club, with the added feature of a "tacky party" as a highlight. The affair was preceded by several cocktail parties held at private homes, for which Leo Seal, Jr., was host at one at the Seal residence on North Beach. And the Robert Camors entertained at another at their home on North Beach and Boardman Avenue.

These were many who entered the spirit of the occasion by coming attired in garish and amusing costumes. Mr. and Mrs. Richard Jaubert were dressed in identical sun-dresses and wide grass hats with grass fringe almost totally disguising their features. A placard hanging around Mrs. Jaubert's neck read, "Which hat has the Toni?" For this unique idea the pair won first prize in the "couple class."

Mrs. Lucy Lacoste was awarded first prize in the ladies class for her costume which might be interpreted as representing the typical oldmaid school teacher of the twenties. Leo Seal, Jr., captured the prize in the men's class for his outfit which may have been a sea captain with clothes much too snug and too short.

About three hundred members and guests were present, among whom were: Mr. and Mrs. Howard Smith with a party of friends including Mr. and Mrs. Clay Calhoun, Mr. and Mrs. Broad Shnellings, Mr. and Mrs. Craig Roth, Mr. and Mrs. Homer Thompson, Miss Lyle Scott, and Roy Gordon, and Mr. and Mrs. "Pat" Bose, all of New Orleans. Arriving with the Robert Camors were Mr. and Mrs. Dan Russell, Mr. and Mrs. Larry Laroux, and several others. Another party were Mr. and Mrs. Ed Brignac, Mr. and Mrs. Thomas Schafer, Dr. and Mrs. Hartwell Eldredge and a few others.

Additional members noted taking part in the activity were Dr. and Mrs. Ernest Allgeyer, Mr. and Mrs. Tony Spence, Mr. and Mrs. Eugene Morgengab, Mr. and Mrs. Herbert Ratenberg, Mr. and Mrs. Andrew Mirandona, Mr. and Mrs. Elliott Locascio, Mr. and Mrs. Leo Seal, Sr., Mr. and Mrs. Ted Robin, Mr. and Mrs. Horace Kergosien, Dr. and Mrs. J. A. Evans, Dr. and Mrs. Edwin Socola, Miss Betty Lee Mitchell, Miss Yvonne Claiborne, Mr. and Mrs. C. Drury Blair, Miss Meryl Radford, Rudolph Jung, Mr. and Mrs. Paul Gaudet, Mr. and Mrs. Arthur Geary, and numerous others.

Saturday, August 4, the Club will sponsor the surprise dinner, to which all members and guests are invited. The hostess for that evening will be Mrs. Herbert Ratenberg. And keep in mind the date of the dance sponsored by the Woman's Auxiliary, August 17, at which the famous Pupa Celestine's Band will furnish the music. There will be no dinner served at this dance. Members are reminded to make reservations early for this affair as everyone is interested in making up parties for the occasion and this event will be particularly well attended. Tickets are on sale at the club or may be purchased from anyone of the ladies of the Auxiliary.

## OUR LADY OF THE GULF ANNUAL FAIR AUG. 4 & 5

### American Legion Reports On Work For Pier & Beach

Commander Freddie Fayard of the Clement R. Bontemps Post 139, The American Legion, has announced the names of the most important committee members by this post in recent years.

Chairman of the committee is Laurence Dickson; with Bryant Graham, John Rutherford, Jr., Frank Taconi, and Lucien Kido.

It is the duty of this committee to ascertain complete data of means and costs to complete the number one project of this Post for the last five years. This project is to erect a nine hundred foot public pier and approximately 800 feet of clean sand beach adjacent to the Legion home on South Beach at Washington Street.

Naming of the above committee shows that much thought was used in selecting a group of known workers. This group is the type who believe in action. There can be no doubt that they will see the project through to completion.

It is the hope of the committee and the Legion that this project will be completed before Labor Day. Exact date of completion will be announced at a later date.

At the present time there is no Public Pier or improved facilities for bathing at Bay St. Louis. Thousands of people pass Bay St. Louis because of this situation. Since neither the County nor the City can afford such a project, the American Legion has assumed the leadership in providing this much needed public pier and sand beach.

Many ways have been employed by the Legion in raising the necessary funds to construct the Public Pier and sand beach. Among these are bingo, turkey shoots, and many other projects.

It is well known how badly a public pier and sand beach are needed in this resort community. It is a fact that without the support of the public in the various enterprises sponsored by the Legion this worthy project could never be accomplished.

The county and city governments are giving their wholehearted support to the Legion in this project. Cash contributions and full cooperation by both the county and city are being extended.

It is hoped by all that this will be a growing nucleus and that from time to time the sand beach will be extended until the entire beach front is cleaned and opened to the public.

The Legion wants it clearly understood that these facilities are opened to the general public. The pier, and sand beach will be opened to all visitors without charge. Holidaymakers and weekend-enders from New Orleans will find a warm welcome at the American Legion public pier.

At the present time the Legion is operating a Beach Club at the site of the projected public pier. This club is open to the general public. All types of refreshments are served at regular prices. Clean rest rooms are open to bathers and the public at all times without charge.

Operation of the Beach Club is kept at a minimum by volunteer Legionnaires who serve as hosts. A check on the list of hosts will show some of the most notable citizens of the community.

Bay St. Louis is united and 100 per cent behind the building of this public pier.

## POSTAL WORKERS PAY HIKE GETS OKAY

Washington—The House civil service committee approved Tuesday a permanent \$400 a year pay increase for postal workers.

Rep. James H. Morrison of Louisiana, acting chairman of the committee, said the committee will take up a proposal on pay increases for 1,500,000 government classified workers. He expressed the hope that a similar increase would be voted to them.

The postal pay increase would affect 550,000 postal workers. In addition to the \$400 pay increase voted the postal workers, the committee approved the elimination of the first three postal salary grades. The new starting grade would be \$3,370 as compared with \$2,670 for the present starting grade.

## FIRST MAJOR POLIO EPIDEMIC ERUPTS

New York—The first major polio epidemic of the year was reported at Corpus Christi, Texas, Tuesday by the National Foundation for Infantile Paralysis.

The foundation did not say how many cases were reported to the area. But it said \$25,000 in March of 1951 was donated to Corpus Christi and surrounding Nueces County.

Polio also was reported on the increase in Colorado, where the foundation said 175 cases have been reported this year. An emergency has been declared in Pueblo County, the foundation added.

Our Lady of the Gulf Church will hold its annual fair on Saturday, Aug. 4, and Sunday, Aug. 5. Saturday, the fair will open at 4:00 p.m. and on Sunday at 2:00 p.m.

Mrs. Ida Piazza, chairman of the Ladies' Division, has announced that there will be numerous entertainments, such as Conkey Island amusement, consisting of flying horses, ferris wheel, etc. There will be plate lunches available, in addition to hot dogs, potato salad, chicken salad, snowballs, ice cream, boiled crabs, drinks, do-nuts and coffee; a cake table, various games and prizes, bingo, hoopla, a linen booth and a grab-bag. The affair will be replete with many forms of amusement and the public is invited to come out and take part in the fun and enjoy the cool breeze.

The fair is under the supervision of Father John Bryan.

## CLAIMS NOT ELIGIBLE TO SERVE AS AN ELECTION MANAGER

John D. Rutherford, Jr., appointed by the Hancock County Democratic Executive Committee to serve as a manager of election in the precinct in which he is a voter, claims that he is ineligible to serve and in a personal letter to the committee explains his reasons.

A copy of his letter to the committee follows:

Bay St. Louis, Miss.  
July 28, 1951  
Hancock County Democratic Executive Committee  
Bay St. Louis, Miss.  
Gentlemen:

In the current edition of the local papers it is noted that my name is among the Election Managers selected to serve in the Court House Precinct. As I am an employee of the Federal Government, in the Treasury Service, it will not be possible for me to serve as an election executive. This is in violation of the Hatch Act, which forbids serving at polls on election day.

Trusting that you will replace me in this assignment, I am  
Yours truly  
John D. Rutherford, Jr.

## NEW PRICE CURBS ORDERED BY OPS

Washington—The office of price stabilization late Tuesday ordered into effect new price regulations for thousands of manufactured consumer goods, machinery, textiles and clothing. They will mean price rollbacks for some and rollforwards for others.

The orders were among a score rushed out by OPS in line with the new defense production bill passed by Congress.

The agency had suspended all pending price cutbacks and advances while Congress debated controls legislation during July.

Among the products affected by the new orders are radio and television sets, refrigerators, household appliances, shoes, chemicals and rubber products, cotton textiles, wool yarns and fabrics and machinery.

## New Type Highwayman

Indianapolis—The highwayman drove a black automobile, but his technique was straight out of a Western movie. The price was \$75 and a billfold. Leverett Henshaw, who posted it involuntarily, told it his way:

Henshaw's car door swung open as he turned a corner. As he reached to close it, his billfold (containing \$75) popped out of his pocket and fell in the street.

"Traffic was heavy and I was trying to stop and pick it up," Henshaw told police. "But before I could, a guy in a black car going the other way slowed down, leaned out and scooped it up and drove away."

## PIER FUND NOW STANDS AT \$55

A list of the donations for the proposed public pier, sponsored by the Clement R. Bontemps Post 139 of the American Legion follows:

chiefly by men. Miss O'Brien's success story is the more surprising. She was born in Connecticut and attended Harvard School of Education. In 1918, she became secretary to Mr. F. W. Loomis, president of a large branch company. Later she took a position as office manager of a Hartford insurance agency, but "couldn't" ultimately, to invest her savings in the newly organized venture with F. W. Loomis. In the beginning she carried a sample case, mixed chemicals and was generally useful. As time went by she progressed to treasurer, general manager, and, consequently, vice-president. Miss O'Brien's hobbies are gardening and collecting figurines. She is an enthusiast of sports, particularly horse riding, and has a yen to own her own stable. She quickly admits that at least she possesses three things dear to her heart—things she always dreamed of, namely—a big car, a pink coat, and a summer home. Otherwise, she lives a simple life with her mother, father, sister and brother in a two-story, rambling white house in Westfield and "frequently ends up doing the dishes after supper."

If you ever need anything and can't get it or don't know where to get it or how, contact Charlotte and Bill Murphy in New York City. Together they have built up a lucrative business, with the motto, "You name it—we'll get it." Begun by borrowing \$5,000 several years ago, the business is doing more than a \$250,000 turnover a year. If a small town girl wants to visit New York and wants to see everything in town, the Murphys arrange the schedule for her—complete with handsome escort, who is bonded and must have an excellent character. Large companies which have contests frequently call the pair to arrange all the details for the contest winner's visits to the big city.

Mr. and Mrs. Murphy are called upon for unusual jobs, such as when an Indian prince wished a quantity of goat's meat, and when Arthur Godfrey wanted to see his wife and had them contact her plane to tell her that he would meet her at a certain port. The Murphys have also solved such problems as obtaining 50,000 tons of sheet steel for a European client, and have helped get servants, houses, and in aiding GI's in getting their brides into this country. Sounds most interesting.

Wise or otherwise:  
The person with but a single idea always has an exalted opinion of himself.  
And just wise: The devil never taries in a busy mind.

Of interest to parents: Obtain a sheet of perforated masonite board and secure it to the wall in your children's room. Then by using discarded golf tees you can hang light toys on the wall, within easy reach of the kids and yet have them out of the way when they are not being used. They do not look at all bad hanging from the wall with their gay colors and bright designs, in fact this is a much more satisfactory method than having them under foot or stacking them into a box.

One of summer's chief delights is her array of colorful, fresh fruits. Among them, strawberries, peaches, cherries, plums, grapes, apples, and lemons and others.

To the home maker, who is seeking maximum appeal in warm weather menus, fresh fruit supplies are welcome. From breakfast through dinner, they lift ordinary meals from the doldrums. Their fresh flavor and color glamorize the table.

Even if you have many favorite and individual ways of preparing fresh fruit, do add this impressive recipe to your list.

**Creamy Tapioca Mold with Peaches**  
1 egg white 4 the sugar 1 egg yolk  
2 cups milk 1/4 tea. salt  
3 the. quick-cooking tapioca  
1/2 tea. vanilla 1 1/2 tea. gelatin  
dissolve in 2 the. cold water  
Fresh or frozen peaches.

Beat the egg white until foamy. Add two tbs. of the sugar gradually and continue beating until the mixture stands in soft peaks. Set aside. Mix egg yolk with small amount of the milk in a saucepan. Add the remaining milk. Cook and stir over medium heat until mixture comes to a boil about five to eight minutes.

Pour a small amount of the hot mixture gradually on the egg-white meringue. Blend. Add remaining mixture, stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker the pudding will be) add the vanilla and dissolve gelatin. Blend well. Cool 20 minutes, stir, and turn into a one-quart mold. Chill until firm. Unmold and serve with sliced peaches. Recipe makes six servings. Nice for your next "six-some". Of course other fruits can be substituted according to your taste.

A splendid idea for taking care of surplus shoes is to attach a common curtain rod to your closet door. Hang the heels of the shoes over this in pairs. Of course this will not take care of your wedgies but it will certainly help to keep a neater closet.

And for pure trivia: Hold small objects between your thumb and middle finger, rather than your index finger. It gives your hands a more graceful line.

It is almost impossible to find a more interesting and instructive collection of objects than those in the collection of J. E. Bushnell. The collection is housed in an old red mill in Vermont. He is seventy-one and now has more than 50,000 articles. The museum is opened about the first of May and is closed whenever the warm autumn weather ends. During the winter months, he goes to Florida or elsewhere where he looks up old friends and acquaintances. His collection is for the most part the work of his own hands.

If I am elected to this office, I will, with all sincerity, do what I can for the good of our county. First, I shall seek appropriations for a County hospital, which is so badly needed. Second, I shall try to have installed a County farm, which will truly benefit us all. Third, I will cooperate with the Legion and all those who are working for a sand beach between Bay St. Louis and Waveland, and try to get this project across. Fourth, I advocate the improvement of our system of roads and bridges.

With these things firmly in mind, I seek the office of Supervisor of Beat 5. If we can secure these things, basically we will be on the road to progress. Think these things over, and if you, the voters, see my views as I do, together we will try for a better Hancock County.

# Ed Ortte Explains To Citizens of District Five

All of the figures and reports used in my campaign with reference to the County's financial condition are most authentic as they were furnished and compiled by Mr. J. O. Jones who is a Certified Public Accountant and under no condition would a Certified Public Accountant ever misuse or misrepresent any figures or records that he has audited.

I state the above because some rumors are afloat as to the authenticity of figures used in my campaign and also in the event should any of my opponents try to ridicule or contradict any parts of the financial records I have furnished. So please remember I did not compile any of these figures, they were furnished by a licensed Certified Public Accountant, Mr. J. O. Jones of Gulfport, who stands ready to back up or explain any part of the report published over his signature.

There is, however, a minor difference in a recent statement published by the Clerk, Mr. A. C. Mitchell with reference to the deficit in the Sea Wall Fund as of January 5, 1948 where he gives the amount of \$320.16.

Mr. Jones states there was a deficit in the Sea Wall fund of \$10,783.31 at the end of the fiscal year 1947-48. Both reports are correct; the difference is as stated above. Mr. Mitchell closes his report as of Jan. 5, 1948, and Mr. Jones goes through the fiscal years of 1947-48. To explain further, immediately following the hurricane, the outgoing Board ordered the payment of the debt of \$40,823.38. Practically all of this had to be paid after the new Board took office and as these amounts were paid a deficit was automatically created.

The entire record sent out in letter form by Mr. A. C. (Mitch) Mitchell with reference to the 3 1/2 years of the Board of Supervisors and Clerk of Hancock County for the fiscal years 1947 to 1951. I will be glad to show anyone at any time these records in their entirety.

I have in my possession a concise audit of the entire financial records of Hancock County for the fiscal years 1947 to 1951. I will be glad to show anyone at any time these records in their entirety.

I have endeavored, in every way possible, to truthfully explain and familiarize you with the entire financial operations and status of Hancock County.

If there is any further information you desire, you are at liberty to contact me and I will be very happy to furnish you with any information you may seek.

Trusting I will receive the support of all citizens in Beat 5

I remain sincerely your friend

### PRECAUTIONS AGAINST SPREAD OF POLIO IN COUNTY

The Hancock County Chapter of the National Foundation for Infantile Paralysis has been alerted to combat the outbreak which has already struck 10 counties of the state. The State Department of Health has reported 153 cases of polio as compared to 117 for the same period last year.

Mr. Paul L. Peterson, 19-month-old son of Mr. and Mrs. W. J. Peterson, was taken last week and rushed to Lutheran Hospital in Vicksburg, Miss., for treatment through the local chapter.

Mr. Peterson, Southern Mississippi representative of the National Foundation, is a special communication caller. Mrs. Theo Tudary, local chairman, is alerting the Chapter and to be sure that all children are vaccinated against polio.

The chapter chairman disclosed that the polio treatment are available at two hospitals in Vicksburg, Miss., and the local chapter is working to assist families with the cost of treatment.

This service is made through contributions to the January-March of Dimes campaign.

### ENTERTAINS TUESDAY AT "IRISH PINES"

The table for luncheon had a centerpiece of yellow zinnias, and at the place of each honoree was a corsage of fuchsia colored asters tied with fuchsia ribbon. Mrs. Breaud chose for the occasion, a pale aquamarine cotton, while Mrs. Kimbrell wore a purple off-shoulder cotton faille.

Numbered among the guests were Mrs. Paul Loup, Mrs. Herbert Ratenberg, Mrs. Andrew Mirandona of New Orleans; Mrs. R. G. Hubbard, Mrs. J. Wm. Hill, Jr., Mrs. Breaud and Mrs. Kimbrell.

### ARMY CHOW TO COST \$603 MILLION IN 1952

Washington—The Army marches on its stomach—and the bill will be \$603,000,000 next year.

That's the budget for chow alone in the defense department's proposed \$60,000,000,000 spending program.

BARNETT ADVOCATES  
'MASTER PLAN OF  
PROGRESS FOR MISS.'

Winona—A planned platform, instead of a pile of planks, is necessary for Mississippi to forge ahead in agriculture, industry, business and social improvement, Ross Barnett, candidate for governor, said here today.

The 52-year-old outspoken advocate of a "Master plan of progress for Mississippi" continued his vote-getting swing through the state in what political observers considered the most strenuous schedule in years.

"My master plan of progress is based on the needs of the state and its citizens," Barnett said. "It does not embrace the selfish interests of any one group. It is designed to bring justice to people of all walks of life, and at the same time further the progress of all trades and professions."

BARNETT ADVOCATES  
'MASTER PLAN OF  
PROGRESS FOR MISS.'

Winona—A planned platform, instead of a pile of planks, is necessary for Mississippi to forge ahead in agriculture, industry, business and social improvement, Ross Barnett, candidate for governor, said here today.

The 52-year-old outspoken advocate of a "Master plan of progress for Mississippi" continued his vote-getting swing through the state in what political observers considered the most strenuous schedule in years.

"My master plan of progress is based on the needs of the state and its citizens," Barnett said. "It does not embrace the selfish interests of any one group. It is designed to bring justice to people of all walks of life, and at the same time further the progress of all trades and professions."
